

Learning objective: to count, read and write numbers to 100.

Date

To record my ideas by drawing.

Order the egg boxes by the number of eggs they can hold, from the least to the most eggs.

Write a number label underneath each picture to show how many eggs each one holds.

Draw an egg in each space to see if you were right.

Were you right? If not, write the number of eggs each box will hold underneath each picture.
